PROJECTS

Titanic Project
Jan 2021 — Jan 2021

In this project i applied Machine Learning algorithm to predict who survived or not during the titanic accident. I used Logistic Algorithm to classify this. I got the 88% accuracy score in this project which is pretty good.

Advertisement Sales Channel Prediction
Jan 2021 — Jan 2021

In the case study of Sales channel includes the detailed study of TV, radio and newspaper channel. So I have to predict the total sales generated from all the sales channel. As it is a regression problem i used Linear Regression to solve this problem and get the accuracy rate of almost 90%.
